▌Series

Small footprint.
Ergonomic design.

Compact footprint saves on space.

OneTouch voice mail retrieval.

Comfortable ergonomic handset.

I Series

Choose single or two-line
corded, cordless, analog,
or VoIP configurations.

The original small footprint phone.

Teledex I Series (formerly Teledex iPhone®) is the original small footprint telephone built specifically for the hospitality guestroom. Designed to embrace the sleek style of the modern hotel guestroom, I Series provides a familiar user interface for your guests in your choice of single and two-line, analog and VoIP, corded and cordless configurations. Choose 0, 3, 5, or 10 programmable guest service keys, an optional speakerphone, and our patented OneTouch voice mail retrieval technology.

I Series cordless telephones reduce the need for multiple telephone jacks in the guestroom, supporting up to 3 additional AC-powered RediDock charging stations, and providing guests with a cordless home-like environment. Like all of our cordless Teledex phones, I Series phones are also available with optional battery backup for use during power outage situations.

I Series Specifications

- Available in single- and two-line, analog, VoIP, corded, and cordless configurations.
- Trimline and RediDock models available.
- Professional quality speakerphone (optional).
- Patented OneTouch voice mail retrieval technology.
- Dual NEON/LED message-waiting indicator compatible with all major PBXs (Siemens, FSK, or Reverse Polarity message light options available).
- Choose up to 11 (VoIP) or 10 (analog) guest service keys.
- Cordless phones support up to three additional handsets per base.
- EasyAccess™ data port.
- Three-way conferencing on two-line models.
