

SMALL IS THE NEW BIG.

E SERIES TRIMLINE (White with Silver Handset)

Amazingly big on features, yet surprisingly small in size.

E SERIES

Available in single and two-line, analog and VoIP configurations, micro-footprint Teledex E Series phones have created an entirely new hotel guestroom telephone category. Originally designed to meet the limited space requirements aboard cruise ships, E Series phones require less room on the hotel guestroom desk and nightstand, and consume less energy in the manufacturing process, so the impact on the environment is smaller as well.

Small is the new big.

E Series Trimline (White with Silver Handset)

- Single-line analog corded trimline
- Dial pad on handset
- Flash, Redial, and Mute buttons on handset
- Volume control keys on handset
- Desk or wall mount orientation
- Available in White with Silver Handset

E SERIES TRIMLINE
